

FLAT SAND VALVE

Suitable for 100, 200 & 300 Litre Blasting Pots

PRODUCT OVERVIEW

Engineered for smooth and reliable abrasive flow control. Manufactured from High Grade Aluminium with Stainless Steel Parts for durability, corrosion resistance and long service life.

KEY FEATURES

High Grade
Aluminium Body

Stainless
Steel Parts

Heavy-Duty
Construction

Smooth
Abrasive Flow

Easy Installation
& Maintenance

TECHNICAL SPECIFICATIONS

SPECIFICATION	DETAILS
Part No.	FEW-FAV-999
Valve Size	1¼" BSP
Working Pressure	12 Bar
Test Pressure	16 Bar
Weight	3.5 kg
Suitable for	100, 200 & 300 Litre Blasting Pots

IDEAL FOR BLASTING APPLICATIONS

Sand Blasting

Shot Blasting

Industrial Use

Shipyards
